

## BP-2100 SERIES

### DELUXE FOLDING BARRICADES (ALL PLASTIC w/INTEGRATED LEG/PANELS)

- **Catalog #BP-2100-SBS / Sand Ballast System (SBS) also available.** Includes two molded-plastic containers (one container for Front leg, one container for Back leg)
- **SBS** - Eliminates the need for ballasting with cumbersome, awkward, and sometimes messy sandbags
- **SBS** - Adds up to 4 lbs. of ballast at the bottom of each leg (up to 8 lbs. overall with both containers filled)
- **SBS** - Ballast containers fill with sand or pea-gravel, are waterproof, and attach easily to Front & Back leg-braces
- **SBS** - Once installed, Sand Ballast System does not interfere with folding or stacking of BP-2100 Series Barricades
- **SBS - Bottom-line...stability is improved in ALL conditions**
- **SBS - It's optional, "but worth every penny"**

## BP-2100 Series DELUXE Folding Barricades (Type I & II)

- Injection-molded integrated-Leg/Panels are strong and durable, yet "yielding" for impact-resistance
- Super-resilient Leg/Panels with specially formulated polymers stand up to serious daily abuse
- Special additives ELIMINATE sagging in extreme heat, as well as brittleness in extreme cold
- Fronts and Backs feature two "recessed integrated-Panels" that help protect striping from abrasion
- Integral TOP Panels (Fronts & Backs) are 24"x12" to accommodate 24"x8" or 24"x12" reflective stripes
- Integral BOTTOM Panels (Fronts & Backs) are 24"x8" to accommodate 24"x8" reflective stripes (Type II)
- Reflective 4" stripes are available Engineer Grade (EG), Hi-Intensity (HI), or Diamond Grade (DG)
- Folded dimensions are 45" tall x 24" wide x 2.5" thick; weight is 15 lbs. (up to 23 lbs. with optional "SBS")
- BP-2100 Series Barricades interlock when "flat-stacked", reducing warehouse and transport space
- Barricade Warning Lights attach through recessed-hinge-opening (anti-theft feature) using 1/2" bolt
- Barricade Lights are available separately
