# Reflective Roll-Up Warning C-Signs

## Pocket Options for Roll-Ups Signs

All three pocket types [above] are available on Standard Roll-Up Warning Signs™ and C-Signs™. USA-SIGN® will hold any sign made by any manufacturer. LOCK-Pockets™ eliminate the need to bend or bow the battens when inserting them or removing them from the pocket. Our LOCK-Pocket™ system slides open to accept the batten, then slides shut again to lock it in place. There is no better Roll-Up Sign Pocket System on the market today.
